

Bavarian State Ministry of Housing, Building and Transport

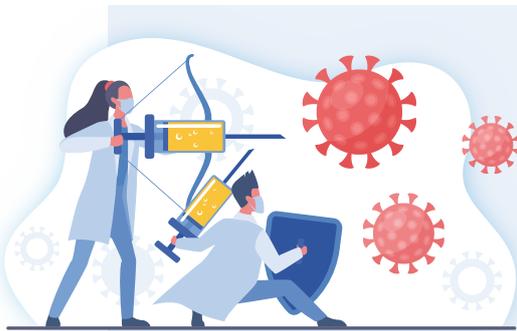

englisch / English

Dear Sir or Madam,

By driving a vehicle and transporting passengers safely, you have taken on a very responsible task. You are all guaranteeing the mobility of the people in Bavaria.

Your job means that you have contact with a lot of people every day. You are therefore at great risk of infection. If you become infected with the coronavirus, the risk of infecting many other people also increases. Here, too, you have a special responsibility towards your passengers.

That is why we, as the Bavarian Minister for Transport and Bavarian Integration Commissioner, have an important request for you: get vaccinated.

We have had several very good vaccines for a few months now. Experience shows that vaccination significantly reduces the risk of contracting and transmitting the coronavirus.

Many millions of people in Germany and all over the world have already been vaccinated - including both of us.

You can get vaccinated:

- by your family doctor
- in the vaccination centres (deutsch/English): www.impfzentren.bayern
- at various vaccination campaigns throughout Bavaria: Coronavirus: Vaccination - Bavarian State Ministry of Health and Care (deutsch/English): www.stmgp.bayern.de/coronavirus/impfung/#Impfen_Aktionen
- in many companies and businesses. Perhaps also in your business?

If you have any questions or are unsure, ask your doctor for advice or call the freephone number 116 117 (medical on-call service).

Information from the Robert Koch Institute - including in your native language - can be found here:

- www.rki.de/DE/Content/Infekt/Impfen/Materialien/COVID-19-Vektorimpfstoff-Tab.html
- www.rki.de/DE/Content/Infekt/Impfen/Materialien/COVID-19-Aufklaerungsbogen-Tab.htm

Help us - only together can we defeat the coronavirus!

Kerstin Schreyer
Bavarian State Minister for
Housing, Construction and
Transport

Gudrun Brendel-Fischer
Integration Commissioner
of the Bavarian State
Government
